

ANIMATION 341D: 3D Anim Intro to Maya		
Fall - 2018	November 13 - December 06 (4 weeks, 48 Hours)	Tues - Wed - Thurs
Instructor: Julie Sweetin		09:30 - 13:30

Ayotte, Meara	Grade: A-	Attendance: 48 / 48 hours (100%)
Mid-Term Review	Assignments	
Meara has been working diligently in class, and has begun to get the hang of Maya, though I can tell there is a few things she is struggling with. There are a few things I'd like to go over with Meara about her mug model, and show her some simpler UV unwrapping tools. Review Date: 2018-11-27	Mug Project: 6/10 Your mug model looks very cute! I would suggest a few changes to it though. Please come see me so we can go over your mug model!	
End Of Term Review	Assignments	
Because of some technical issues with playblasting, Meara was unable to hand in a bulk of her work. However, her excellent attendance, first mug project and quizzes were done well enough to earn her an A-. I have offered her an extension to hand in the rest of her work, but I am happy with her knowledge of the program so far and believe she definitely has enough to progress to the next class. Very well done Meara. Review Date: 2018-12-12	Mug: 6/10 Room Day/Night: 0/10 Pendulum: 0/10 Ball Bounce: 0/10 Walk Cycle: 0/10 Quizzes: 31/44

Bailey, Haaken	Grade: A+	Attendance: 48 / 48 hours (100%)
Mid-Term Review	Assignments	
<p>Haaken has been learning very quickly and is very organized in his work. I'm happy to see him become immersed in his projects, and he is doing very well in class!</p> <p>Review Date: 2018-11-27</p>	<p>Mug project: 9/10 Very nice work Haaken! Your mug model is very well done and the textures are nice. However, the lighting in your render was just a bit too dark. Excellent work!</p>	
End Of Term Review	Assignments	
<p>Haaken worked diligently, had excellent attendance, and did very well on his projects. Though he encountered some technical issues (as is the nature of using Maya unfortunately) he was able to work through them. I am impressed with how quickly Haaken was able to improve on his animation skills in just this one class, I am sure he will create a lot of impressive things in the future. Well done Haaken!</p> <p>Review Date: 2018-12-12</p>	<p>Mug: 9/10 Room Day/Night: 6/10 Pendulum: 7/10 Ball Bounce: 8/10 Walk Cycle: 8/10 Quizzes: 30/44</p>

Cromwell, Shelbie	Grade: C+	Attendance: 43.5833333333333 / 48 hours (91%)
Mid-Term Review	Assignments	
<p>Shelbie was a bit behind with her work due to illness, so I gave her some extra time to finish her project. She has caught up and is doing very well!</p> <p>Review Date: 2018-11-27</p>	<p>Mug project: 8/10 Your mug turned out very nice! Your linework was well thought-out and the shader you created feels very ceramic-y. Great work Shelbie!</p>	
End Of Term Review	Assignments	
<p>Shelbie too was a victim of our playblast issue and was not able to hand in her animation work. I have offered her an extension, to hand in work after the holiday break. However, her excellent work in other projects has provided her a passing grade. I will leave the choice up to her.</p> <p>Well done Shelbie! Looking forward to seeing your work in our next class.</p> <p>Review Date: 2018-12-12</p>	<p>Mug: 8/10 Room Day/Night: 6/10 Pendulum: 0/10 Ball Bounce: 0/10 Walk Cycle: 0/10 Quizzes: 27/44</p>

Samagalski, Conal	Grade: A+	Attendance: 48 / 48 hours (100%)
Mid-Term Review	Assignments	
<p>Conal is really quick at picking things up in Maya, and is doing really well. He has chosen slightly more advanced models to create than some of the rest of the class and it's great to see him challenge himself.</p> <p>Review Date: 2018-11-27</p>	<p>Mug project: 10/10 Really good linework in your model, and your unwrapping/texture was awesome. Excellent work Conal!</p>	
End Of Term Review	Assignments	
<p>Conal did excellently in all aspects demoed in class, and chose challenges for himself that I was happy to see attempted. He has a well-rounded knowledge of all the basics of Maya, and will do very well in subsequent classes.</p> <p>Thanks Conal!</p> <p>Review Date: 2018-12-12</p>	<p>Mug: 10/10 Room Day/Night: 9/10 Pendulum: 9.5/10 Ball Bounce: 9/10 Walk Cycle: 9/10 Quizzes: 41/44</p>

Instructor: Julie Sweetin		09:30 - 13:30

Singaravel, Akshaya	Grade: A+	Attendance: 47.25 / 48 hours (98%)
Mid-Term Review	Assignments	
<p>Akshaya is very adept at modeling in Maya for a beginner. I'm very happy to see her pick more challenging shapes and can see she has a knack for design, which is a great skill to have for modelling and texturing!</p> <p>Review Date: 2018-11-27</p>	<p>Mug Project: 10/10 Akshaya picked a slightly more difficult shape to model, but she did it very well and I was very impressed with her lineflow and unwrapping.</p>	
End Of Term Review	Assignments	
<p>Akshaya did an excellent job in this class. She asked a lot of questions to make sure she understood the required steps for each project. I was happy to see her attempt more ambitious models and she did not shy away from trying to troubleshoot issues. She did very well overall, and has an excellent grasp of the basics of Maya. I look forward to seeing her work in other classes!</p> <p>Review Date: 2018-12-12</p>	<p>Mug: 10/10</p> <p>Room Day/Night: 9/10</p> <p>Pendulum: 9.5/10</p> <p>Ball Bounce: 9/10</p> <p>Walk Cycle: 9.5/10</p> <p>Quizzes: 41/44</p>
