Good work so far Amelia, you seem to be understanding the basics of this program and are ready to take it to the next level. Please go to the Toon Boom website and do the tutorials that are there for your benefit. Remember all the things that you have learned in your other classes (Drawing, Painting, Design, etc.) and put them into use in all of your animation projects. This will improve the look of your assignments and speed your improvements. Good luck in the future. You have used all the elements in the Final assignments effectively and submitted a good final animation.  The water fall and timing of the dragon fly worked well.  Progress work was not send in after class as requested. Camera movements to show different animation parts could have been slower and this would have increased your animation duration as well reflecting on your grade this course. You have potential.  Remember consistency is key! Good luck.  Review Date: 2021-03-05	ASSIGNMENT 3:  Completed
